Iron Man is astounded that you are so fast! He tries to use some word problems to distract you...

1. 15 children are at a party. 3 go home. The others share 48 sweets. How many do they each get?
2. 9 groups of 9 children go to a sports day. 7 are sick. How many children take part?
3. Each box has 8 pencils in it. Mr. Robert has 6 boxes of pencils but 4 pencils are broken. How many does he have?
4. There are 60 sheep in a field. 12 more arrive. The sheep are then shared equally among 6 farmers. How many sheep do they each get?
5. A waitress has to count the total number of glasses in the restaurant. There are 5 boxes with 9 glasses in each. She notices that 8 glasses are broken. How many are there?
